Any change of position in the course of the project needs written approval by AI Startup Rising. The same counts for any cost change greater than 20% of the noted value. For any position greater 1,000€ three different offers and a written argumentation for the chosen offer must be handed in. Costs for a single position must not exceed 10,000€; the overall costs must not exceed 30,000€.

Covered costs are: Necessary soft- and hardware, technical services, data acquisition, law consultancy or any activity for market validation.
NOT covered are: Business Coaching, general qualification, marketing activities or general office equipment. For further explanation see the program guideline or talk to your AISR coach.
